Prerequisites: MAC 2311 (Calculus with Analytic Geometry I)

If you have not passed the prerequisite with a "C" or better, please retake the prerequisite course before you enroll in this course. Note that the grade of "NC" does NOT constitute a passing grade in a course.

Academic Honesty: The work submitted in this class is expected to be your own. Forms of cheating/academic dishonesty include (but are not limited to): communicating with another student during a test or quiz (this includes giving information to another student as well as receiving that information), using an unauthorized calculator, using unauthorized material during a test or quiz, and communicating contents of a test or quiz to another student. I reserve the right to penalize a student for academic dishonesty by assigning the student an F for the course. In addition, further disciplinary action through the university will be taken. Please be aware that disciplinary action through the university could result in suspension or expulsion. For more information on academic honesty, please see the Golden Rule contents available at <http://www.goldenrule.sdes.ucf.edu/>.

Note: Information in this syllabus is subject to change. Any changes will be clearly announced in class.
