

# CALCULUS I – MAC 2311 – SPRING 2006

**Instructor:** Barry Griffiths

**Office Location:** MAP 115

**E-mail:** bgriffit@mail.ucf.edu

**Class Time and Location:** MWRF 3:30 – 4:20pm, MAP 109

**Textbook:** Calculus (fifth edition), by Stewart (available in the bookstore)

**Quizzes:** A short quiz will be given during thirteen of the lectures. They will be of a similar standard to the homework questions assigned.

**Written Homework:** Homework assignments will be given during each lecture, and will be used as the basis for the quizzes.

**Online Homework:** There will be eleven online homework assignments. Go to [www.ilrn.com](http://www.ilrn.com) to register and log-in, using the following access code:  
E-4KYJ6WK7PYHMS

**Exams:** There will be four midterm exams and a comprehensive final exam.

**Calculators:** Calculators may not be used during the exams and quizzes.

**Note:** Two points will be deducted any time you fail to pick up graded work.

**Grade Policy:** The course grade is determined by the taking the top three scores from the four midterm exams, plus the final exam, the quizzes, and the online assignments, each being equally weighted. Final grades will generally be given according to the scale:

A : 90-100%

B : 80-89%

C : 70-79%

F : 0-69%

NC : NC grades are given out at the instructor's discretion, but you must attend at least 80% of the lectures, take all tests, and have a final average of at least 50%.

**Attendance:** It is essential that you attend all lectures. Evidence of excessive absences may be used in the assignment of course grades. Excused absences (death in the family, medical problems, official UCF functions etc.) for exams and quizzes will not hurt your overall grade, but they must be supported in writing within 1 week. Absences caused by travel plans will result in a score of zero being given.

No make-up exams or quizzes will be given in this class.

**Extra Help:** The Math Lab is available free of charge to all students enrolled in the course. The Math Lab is located in MAP 113, and is open Monday to Thursday from 9am to 7pm, on Friday from 9am to 3pm, and on Sunday from 2pm to 6pm.

**Cheating:** Anyone who compromises the integrity of the exams or quizzes will subject to harsh penalties, up to and including receiving a grade of F for the course.
