Grading Policy: Quizzes will be held approximately once in two weeks, the exact day to be announced in advance. Each quiz is 20 points. Three midterms (approximately, **February 3, March 3 and March 31**) are 100 points each. The semi-comprehensive final exam is 200 points. The lowest quiz score and midterm score will be dropped. Also, each student will be doing a project worth 100 points. In addition, we shall have a computer graded homework, each homework will be 5 points. Your final grade will be determined by your score.

Attendance: Attendance will be monitored randomly. If the record shows that you have attended 90% of monitored classes, you will get a bonus of 3% of the final grade. This is to encourage attendance, which is often positively correlated with good performance.

If you miss an exam or a quiz, it is your responsibility to immediately contact the instructor. Make-up tests are at the discretion of the instructor and they may be harder – make-ups are given only for really pressing reasons which are officially documented by the student.
