ATTENDANCE POLICY

Attendance will be taken every day. If a student misses class, they should contact the instructor as soon as possible. It is the student's responsibility to find out what material and assignments were missed due to an absence.

HOMEWORK

Homework will be assigned but not collected. The student is expected to attempt every problem before coming to class.

TESTS

There will be four in-class tests during the semester and a mandatory, cumulative final exam. There will be no make-up exams or quizzes during the semester unless the absence is excused by university policy (ie. religious holidays or university sponsored events requiring a student's attendance). The instructor will ask for documentation to determine whether an absence is excused. If an exam is missed for a legitimate reason (to be determined by the instructor), then the final will be counted twice, as the missed test and the final exam.

GRADING POLICY

The 3 in-class tests will count as 60% of the final grade. A take home project will account for 15%. The final exam will be 25% of the final grade. Plus/minus grades will **NOT** be used in this class.

GRADING SCALE

Average	Grade
90 - 100%	A
80 - 89%	B
70 - 79%	C
0 - 69%	F

NC POLICY

If you attend 80% or more of the lectures, take all tests, turn in the project and have a final average of at least 50% then No Credit (NC grade) may be awarded in place of an F.
