

FINITE MATH – MGF 1106 – SUMMER B 2007

Instructor: Barry Griffiths

E-mail: bgriffit@mail.ucf.edu

Class Time: Monday-Thursday 2:00 – 3:50pm

Class Location: MAP 360

Office: MAP 115

Textbook: The Finite Companion, by Caron and Griffiths (available in the bookstore)

Quizzes: A short quiz will be given during ten of the lectures. They will be of a similar standard to the homework questions at the end of each section in the book, and will contribute 20% of your final grade.

Exams: There will be five midterm exams worth 100 points each, and a comprehensive final exam worth 100 points. When you finish an exam you should submit your scantron (which will not be provided, so be sure to bring your own) and keep your test paper. The use of graphing calculators is not permitted, nor is the use of cell-phone calculators. Anyone who is more than 15 minutes late for an exam will automatically receive a score of zero.

Note: Two points will be deducted any time you fail to pick up graded work.

Grade Policy: The course grade is determined by the taking the top four scores from the five midterm exams, plus the final exam and the quizzes. Final grade assignment follows the standard scale:

| | | | |
|------------|-------------------|-------------------------------------------|------------------|
| Grade of A | Average of 90-100 | Grade of D | Average of 60-69 |
| Grade of B | Average of 80-89 | Grade of F | Average below 60 |
| Grade of C | Average of 70-79 | NC grades cannot be awarded in this class | |

Attendance: It is strongly recommended that you attend all lectures. Evidence of excessive absences may be used in the assignment of course grades. Excused absences (death in the family, medical problems, official UCF functions etc.) for exams and quizzes will not hurt your overall grade, but your instructor must be notified no later than 24 hours after the absence, and they must be supported in writing within 1 week. Absences caused by travel plans will result in a score of zero being given. No make-up exams or quizzes will be given in this class.

Extra Help: The Math Lab is available free of charge to all students enrolled in the course. The Math Lab is located in MAP 113, and is open Monday to Thursday from 9am to 5pm, on Friday from 9am to 3pm, and on Sunday from 2pm to 6pm.

Cheating: Anyone who compromises the integrity of the exams or quizzes will subject to harsh penalties, up to and including receiving a grade of F for the course.

Class Schedule

| DAY OF WEEK | DATE | MATERIAL |
|--------------------|-------------|---------------------------|
| Monday | June 25 | Cover Lessons 1/2 |
| Tuesday | June 26 | Review – Quiz – Lesson 3 |
| Wednesday | June 28 | Lesson 4 – Review – Quiz |
| Thursday | June 29 | EXAM 1 |
| Monday | July 2 | Cover Lessons 5/6 |
| Tuesday | July 3 | Review – Quiz – Lesson 7 |
| Thursday | July 5 | Lesson 8 – Review – Quiz |
| Monday | July 9 | EXAM 2 |
| Tuesday | July 10 | Cover Lessons 9/10 |
| Wednesday | July 11 | Review – Quiz – Lesson 11 |
| Thursday | July 12 | Lesson 12 – Review – Quiz |
| Monday | July 16 | EXAM 3 |
| Tuesday | July 17 | Cover Lessons 13/14 |
| Wednesday | July 18 | Review – Quiz – Lesson 15 |
| Thursday | July 19 | Lesson 16 – Review – Quiz |
| Monday | July 23 | EXAM 4 |
| Tuesday | July 24 | Cover Lessons 17/18 |
| Wednesday | July 25 | Review – Quiz – Lesson 19 |
| Thursday | July 26 | Lesson 20 – Review – Quiz |
| Monday | July 30 | EXAM 5 |
| Tuesday | July 31 | Review |
| Wednesday | August 1 | FINAL EXAM |
